Tom,

Please update the FRA Inventory to show the AFLS & Gates/Bell and CWT Circuitry. It is required by the Order within 5 days of installation. Please e-mail me a PDF copy of the Inventory Sheet with your changes written in and circled. Please also cc Penny Harris of IDOT on the e-mail [[Penny.Harris@illinois.gov](mailto:Penny.Harris@illinois.gov)].

I know some railroads do a mass submission of data every so often, but we need a copy for the file when there is an ICC Order involved. Thanks very much for your help...and have a Happy New Year!
